Client Guidelines & Responsibilities

Developing Your Plan of Care:

You will first be assessed by an intake clinician who will discuss the reason you are seeking services. A treatment plan to address your needs, including referrals to other services, will be completed. The intake clinician will also help you get set up with your first treatment appointments.

You will receive information regarding our program rules and guidelines once you meet with your clinician. The length of time in our services varies for each individual and program, and we encourage you to remain in treatment as long as is recommended.

You will work with your treatment team to develop a plan that is specific to your unique needs and circumstances. Your participation is crucial to this process.

If your treatment is mandated by an outside agency (like the court or probation), we will send them any reports they request from us.

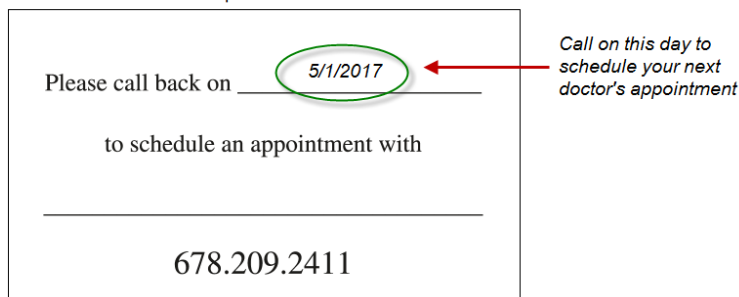

In addition, if you move out of the area, we may connect you to another community mental health center that is closer to you.

Your honest input and feedback are important to us, and helps us provide you with better service. While you are in services, we will ask you to complete client satisfaction surveys. We appreciate your assistance in completing these surveys so we may know how to best help you and other people we serve.

Scheduling Appointments:

We schedule our doctor appointments a little differently than what you may be used to. At View Point Health, we only schedule doctors' appointments ONE week out. We call this ***Just in Time*** scheduling. It means that when you leave your doctor's appointment, the front desk will give you a reminder card for the day you need to call Centralized Scheduling to make your follow-up appointment. When you call Centralized Scheduling, they will schedule you to see the doctor within one week.

Example of Reminder Card

Please call back on 5/1/2017 to schedule an appointment with _____

678.209.2411

Call on this day to schedule your next doctor's appointment

To make an appointment call Centralized Scheduling @ **678.209.2411**

Attendance:

The time of your appointment is reserved for you, so it is very important that you arrive for your appointment on time, **or** call 24 hours in advance if you need to reschedule. We have a No Show policy at View Point Health:

- **Therapy appointments:** If you miss 2 consecutive therapy appointments for any reason without giving 24 hours' notice, you will be asked to attend group therapy before being allowed to resume individual therapy sessions.
- **Doctor appointments:** If you miss a doctor's appointment for any reason without giving 24 hours' notice, **no further appointments will be scheduled.** Instead you will be provided with walk-in clinic hours for a med refill with an available doctor.

****Important to know:** Arrive EARLY for your appointments. Some doctors will not be able to see you if you are late for your appointment. You may be asked to reschedule, **OR** you may choose to sit and wait to see if we can fit you in later that day. So, please, **BE EARLY FOR ALL YOUR APPOINTMENTS!!**

Some Frequently Asked Questions

Q: What if I forget to make a doctor's appointment and I ran out of meds?

Answer: Call Centralized Scheduling at 678-209-2411 so they can get you scheduled!

Q: What if I ran out of medications but it's not time yet for me to see the doctor?

Answer: You probably have refills so call your Pharmacy for a refill. If you are OUT OF REFILLS that means you need to see the doctor – so call Centralized Scheduling to get an appointment!

Q: What if I missed my doctor appointment? (I forgot, I slept in, I didn't have a ride, my ride didn't show).....

Answer: Because you were a "No Show" you won't be allowed to make an appointment. You can walk-in to your doctor office and we'll try to fit you in that day. There is NO guarantee though, and you may have to wait a while so bring a book or your smartphone.

Q: What if something unexpected happened and I had to call to cancel my appointment for that day?

Answer: Same day cancelations are still considered a No Show, so you will only be allowed to see a doctor as a walk-in.

Q: It was my first time appointment with the doctor, and I didn't show/missed it. What do I do?

Answer: Because the first doctor appointment is a longer one, you cannot walk-in, nor can it be rescheduled. You will need to speak to the Center Director.

Phone calls:

If you are having a medical emergency please call 911. If you need to speak to your clinician or the nurse/doctor please **call 678-209-2411** and ask to speak with someone at your center. All calls will be handled by our office staff. For all medical calls, the nurse will contact you as soon as possible.

*****Important to know: We do not do any phone refills; you must be seen by a doctor if you are out of refills and need a new prescription*****

Agency Fees:

Our fees are established by the State of Georgia on a sliding scale based on your family size and household income.

Until proof of income is received, you will be charged 100% and then we can adjust the fee when proof of income is provided. We accept cash, checks, and most credit cards.

We accept Medicare and Medicaid, and some insurance plans – but not all. So it's up to you to call your insurance company to find out if your services are covered "in network". If we are NOT a provider with your insurance, ask them if they will allow you to come here for "Out Of Network" services. This means you will pay us the full cost of the services at your appointment and then file with your insurance company to be repaid.
